Fresher's day

Library week celebrations

National science day

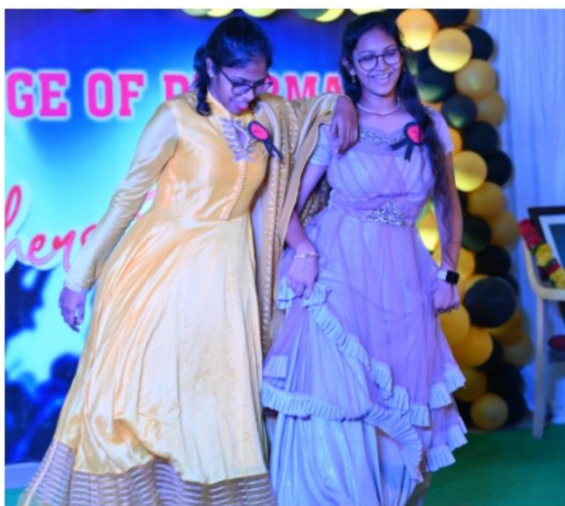

Farewell day

Pre Ugadhi celebrations

FLAWSOME FRESHERS FESTE 2K22

The day has come for which we all have been waiting for They were all dressed up so nicely that it looked like a Disneyland. Coming first to the entrance, decorated by so many arches, beam gates and what else. It made an impact on the party. And then the venue is so colorful which perfectly matched our excitement. Then enters our chief guest, Sri Uday Shankar garu, principal of mrcp. And then faculty added our party which highlighted the party. Then comes the lamp lightning by all our faculty and principal sir. Students who were the heart of the party have performed like a lightened cracker which attracted all the people present in. Then all of us had a satisfactory and tasty lunch which has been the most successful and satisfactory part to us, as everyone enjoyed it so well.

The best part is the Mr. fresher and Ms.fresher among our juniors who were presented with some special gifts by the Mr. Fresher and Ms.fresher of seniors. This gift is somewhat a trendy one with their photo and a spotify song scanner. The day went so well with rose ceremony which allows juniors to present a rose to their favorite senior. And then we all have clicked group photos together. Then comes to dj part, the peak of excitement. At closed the party with a bang which was like never before and ever after....

FAREWELL PARTY

This is a recollection album of **CHEERIO AMIGO BASH** (farewell party)

The occasion started around 11 am. By lighting Jyothi prajwalna by principal and faculty. He gave us a wonderful speech .He narrated a tale which implies on fact of decision making which indirectly explained the cold facts of life. That was really an inspirational for everyone. Later on every teacher has delivered their speeches. Any party is incomplete without dance performance.

Here is the picture of dance performance of students along with my friends. It mesmerizes us. They all rocked the stage with everlasting energy which shook the crowd with ecstasy. In any relationship the things to be prioritized is the efforts made by them. 4 years course 3 years of togetherness 2 batches 1 unforgettable moment = farewell.

PREUGADHI CELEBRATIONS

On the Day April 1st “Pre-Ugadhi” event started with the college assembly followed by a small function to welcome the respected principal sir, the teaching, non-teaching and the students.

The function started with praying to the lord vinayaka and by reading the “Panchangam” by Murali Krishna sir. Followed by making Ugadhi pachadi by all the beautiful ladies.

The event started with welcome speech by respected principal sir. Then next to cultural programmes by the students. All the students have been participated with lots of grace and enthunthiasm.

Students have made the Ugadhi pickle of their own respective class and participated in the competition with great fun. Students have kept the stalls such as food stall, game stall, etc., with lot of creativity and came with new ideas.

All the students and faculty have participated in that programme and made their day with beautiful spirits. They moved on to lunch by arranging with delicious food to the respected principal sir, teaching, non teaching and to the students. There by distributing the prizes for the winners for the participation in rangoli, stalls etc.,

The event ended by conducting the programmes and with lots of encouragement from the principal sir, teaching, nonteaching and students.

ANNUAL DAY CELEBRATIONS

The day began with students being assembled close to the dais, which was set in the Mango garden. Boss visitors had shown up and were invited with Rose sapling followed by lighting the light.

Tapaswi and Veenadhari initiated the program with Prayer. It was then, the student coordinator, Badrinadh had strolled the crowd through his 4 year journey in the college. Principal Sir - P.Uday Shankar, gave the yearly report of the school with every one of the accomplishments and results.

Dr.Y. Rajendra Prasad Sir, Principal of AU College of Pharmaceutical Sciences, presented his address after Preethi Rani of B.Pharmacy Final Year gave a brief review of the guest's achievements and biography.

Students, who bested in both scholar and extracurricular activities, were given awards by the visitors of the day. Visitors had left the field in the early afternoon, and the cultural events began.

Programs continued post lunch and went on until about evening. The event ended with the ecstatic flash mob of final year students.

The annual day 2021-22 turned out to be a grand success with the collective efforts of faculty and students.

NATIONAL LIBRARY WEEK

Since 1968, 14th to 20th November is being celebrated as the National Library Week all over India and various programs are held to enhance public awareness about libraries. Keeping in tune with this tradition, Maharajah's College of Pharmacy celebrated the National Library Week drawing the attention of several students.

Best Library User:

M.Pharmacy: Rekha Rani Kushwaha

B.Pharmacy: K. Chaitanya Mani

D.Pharmacy: B.Sandhya

E-Quiz: Total 112 students got E-Quiz Certificates

NATIONAL SCIENCE DAY

We all know national science day is celebrated to mark the invention of Raman Effect by sir C.V.RAMAN. The main agenda of celebrating is to specify the importance of science in our day to day life. Every year in our college we celebrate this event with grandeur. This year we all celebrated in a unique way. Our beloved principal sir came up with the idea of making models. This idea excited all the students and they were actively participated and every student brought up their creativity while preparation of these models. Here is collection of those moments.

This was fixed near to the model exhibition place .We organised this event afternoon session.

Here is the picture of demonstration of model by 2nd year students. They prepared model of lungs with the help of plastic cans and explaining the mechanism in a simple way. How unique this idea was. The entire faculty appreciated them for making this.

Hey this was a model of industry prepared by our classmates. Industry plays a key role in any organization so that thoughtmade us to do this model .we surfed on the internet how anindustry looks and with team effort we tried to keep all the elements and prepared this model. Our principal sir appreciated us for preparing this model. Moving on to the next one

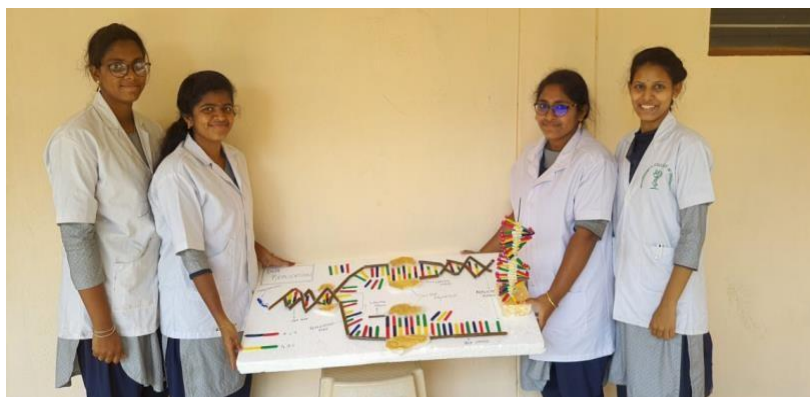

Our beloved faculty is checking every model and the students are explained everything regarding their model in an effective way.

Diploma students have prepared this model of urinary system. A simple thermo coal model which is very gracious

And doesn't any explanation just the by looking at the model we can learn so many things.

Here is the model. This model is about semi conservative replication of DNA. They prepared this model with the help of match sticks and coloured tapes. Our faculty awarded marks for every models and has distributed prizes for the winners, that's the end. In this way we celebrated national science day in our college.
