

World Pharmacists day - 25 Sep 2022

World pharmacist day was celebrated in our college on 25th September 2022.

Theme: “Pharmacist united in action for a healthier world.”

Different Programmes were conducted as follows:

1. Painting competition
2. Pharma quiz
3. Rally

Painting competition

Our college conducted painting competition and our students are actively participated and showcased their talent, it was amazing to watch how they creatively portrayed about such issues wondrously. Amazingly their enthusiasm among participants was worth watching. Around 30 students were participated in painting competition and it was conducted with almost 3 interesting rounds.

Quiz competition

The next one is pharma quiz conducted by our esteemed faculty it was organized very actively by 4th year students and all the students b. pharm d. pharm m. pharm actively participated in this competition we divided students into 4 groups conducted in 3 rounds . the quiz mainly build the team spirit among the students , started with unease and ended with enjoyment.

Charts presentation

Colorful charts were also displayed by students on Pharmacist day theme **PHARMACIST UNITED IN ACTION FOR A HEALTHIER WORLD** and almost students from diploma, B. Pharmacy and M. Pharmacy were participated in charts presentation , every student who participated in this competition prepared their chats in an innovative unique manner and explained very well the virtuous candidates were awarded as well and evaluation was completed by faculty ...

Rally

Around ninety students and fifteen staff members participated in the programme. A rally was conducted in college campus and Phool Baugh colony to create awareness among the people about role of pharmacist, pharmacist as medicine expert and preventive health care measures. Volunteers participated in a mass pledge for responsibility toward community services.

Conclusion

Finally, this event bring the creativity of our students into lime light . the students were actively participated the theme reflects the important role of pharmacists in providing care to the public and also to highlight the emotional connection with patients.
